MEMORANDUM FOR: Deputy Director (Support)

25X1A SUBJECT : [REDACTED] Development Plan for [REDACTED]

1. Attached is the [REDACTED] Development Plan for [REDACTED] which describes the construction program we are attempting to convert [REDACTED]. The plan has been developed in very close collaboration with representatives of the Office of Logistics. It sketches the background of our proposal, specifies the construction we believe is required, estimates costs, and discusses in some detail the reasons why we believe such a program to be essential.

25X1A

2. We have made no reference in the plan to a timetable or to projected dates for the construction program. Nor have we discussed any of the ways in which it might be financed. These are matters on which I would like your advice before proceeding further. You will note, however, that cost estimates assume a phased construction program. These estimates would be reduced appreciably, perhaps as much as 10 per cent, if the program could be handled under a single contract.

3. Maps, overlays, drawings, and other graphic aids have been prepared to illustrate the various features in the Development Plan. We are prepared to exhibit these and to conduct any briefings or formal presentations with respect to the plan that you may desire.
